The training and certification programs which are provided here are compliant with the most current standards and regulations. Programs are provided either at our sites or on worksites all over the country. Our wide variety of safety programs help to ensure effective and safe workplaces.

### **Reasons to Train the Trainer**

The best option for training employees is occasionally hiring a third party organization to be able to carry out the training and certification. There are nonetheless various good reasons to send some of your staff to Train the Trainer courses. Your business could benefit by maximizing your investment. Teaching an existing staff individual to train other workers is less expensive compared to engaging the services of someone new. Businesses need to avoid expecting people to take on trainer duties on top of their existing duties. The designated trainer must be relieved of some of their duties to be able to prevent trainer burnout.

Developing training resources internally helps to empower your company, encourage staff to be self-reliant and increase its resources. With an in-house trainer, other staff members may feel more comfortable learning new skills than they would with someone new. By internally training, new workers can be trained fast and brought up to speed on the equipment in case of staff turnover.
